EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claim 5 has been amended to correct a spelling error:

5. (Currently amended) The method of claim 2, wherein said composition comprises ~~[D-2-isopropylthio-sar³]~~ [D-2-isopropylthio-sar³] cyclosporin A as an active ingredient.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Richard L. Byrne on June 13, 2005.

The following is an examiner's statement of reasons for allowance: The claimed invention is deemed allowable over the prior art of record or any combination thereof. The translation of the foreign priority document Republic Of Korea 2002-67751 has been received. The instant claimed invention is disclosed under the test of 35 U.S.C. 112, first paragraph, in the foreign priority document. Accordingly, Applicants have perfected their claim for priority under 35 U.S.C. 119(a)-(d) and the WO Patent Application 2002/92032 is no longer prior art against the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
